

CENTRAL CAROLINA BRIDGE ASSOCIATION UNIT 169 PLAYERS CLUB 2023

MISSION: Our mission is to provide challenging and fun bridge tournament experiences for Central Carolina Bridge members

FOCUS: Our focus is to successfully execute four quality bridge tournaments each year. This entails using great venues with easy access and parking, clean facilities, providing appropriate snacks and beverages, and using qualified ACBL directors. In order to achieve this goal, we need additional financial support. We are asking our friends who love this game to help. The cost of hosting a quality tournament has increased and, as we build back our attendance at our tournaments, entry fees do not completely cover our cost. Therefore, we are seeking a yearly contribution from those who can and are willing to help. We will not be passing envelopes at club games asking for contributions. By securing appropriate funding up front, we can plan and budget appropriately for each tournament. Those who choose to help will become members of the Central Carolina Bridge Association Unit 169 Player's Club. There will be recognition and appreciation events for those who join.
